

M.S.936 Arts Off 3rd

Graphic Design/ Digital Art Program

Portfolio Information

Students are introduced to the fundamentals of graphic design and build a design skillset through classes in basic design, communication, and typography. Classes augment students' knowledge base as they develop fluency in current industry software such as Adobe Photoshop, Illustrator as well as other digital art tablet applications. The teacher works with students to establish an in-depth understanding of the design process.

Digital Art Portfolio Requirements:

A digital art portfolio of your work is required to be uploaded to myschools.com at the time of your Visual Arts interview. Prepare the following for your portfolio presentation:

- Work will be presented digitally during an interview with Visual Arts Faculty. Work should adhere to the following standards:
 - Submit 7-10 original computer or tablet-generated digital artworks that showcase your talents and diversity in digital art.
 - Work should be formatted for the highest quality - 6MB largest file size accepted.
 - Work should be submitted as individual jpegs only; no PDFs slideshows or websites will be accepted.
 - Work should be cropped to only the image, no backgrounds.
 - Be prepared to discuss your work.
